

Fine Arts Studio

Study plan. 1st year

Topics: Seasons. Animals. Colour theory

Methodology: Individual Studio Art Projects. Art Appreciation

Learning through sketching and painting with the help of inspirational materials on the chosen topic.

Teaching Strategies: Discussion. Focused Exploration. Guided Activity.

Materials: pencils, brushes, palette knives, acrylic paint, watercolours, A4 and A3 albums.

Information: The selection of the pictures and photos to be inspired by is adequately based on the age/capability of the young students.

Every third month the teacher starts the discussion of the current season and animals that fit the concept. During each month the students learn new techniques, try out various materials, learn about new aspects of the colour theory. After the discussion the inspired students create their own art with the guidance of the teacher.

Let the children release their inner genius!
